Hartland, WI 53029

> FAST FACTS

1. Do your own setup and tear-down if you wish (except for heavy equipment).
2. Costs for both booth space and service (electrical services, decorating and especially freight) are extremely reasonable — in some cases half the cost of Chicago shows.
3. Conduct business in a relaxed and friendly atmosphere. No hassles. Free beverages and food breaks throughout the day.
4. Quality attendance. No need to sort out non-industry attendees. Everyone is here because of an interest in wire processing.
5. Held at the right time in the right place, this is an Expo FOR the electrical wire processing industry, produced BY the electrical wire processing industry. The Exhibition Advisory Committee includes: Don Johannes of Anixter, Steve Winkel of Artos Engineering, Mike Mason of Grayline, Inc., John Szczepanski of KM Digitech, Tim MacAlpine of Komax Corp, Eric Fieck of Marsh Electronics, Bil Degrace of Mechtrix, Bob Yates of Schaefer Megomat, Charlie Ross of Schleuniger Inc, Bucky Mueller of Tri-Tech Koder Machine, Marilyn Magowan of Wiring Harness News and Kathy Freund of Wiring Harness News.
6. FREE, timely, educational seminars are held each day to packed seminar rooms.
7. Bring in your crimped samples - good or bad - and have unique, state-of-the-art analysis done free of charge. Visit Crimping & Stamping Technologies, booth #1403.
